# It's personal.

Your home is an extension of your personality. It has places for jubilant activity, for rest and reflection, and for laughter and daydreaming. It has spaces that nurture the body and soul. Each room reflects you and your family with colors and textures that lift

the spirit and complete the transformation from simple dwelling to outstanding home. And it all happens by design. Let your true colors shine in every room of your home with beautiful, easy to live with Congoleum resilient flooring. We'll help you make it happen. We take your space personally.

# Why resilient?

Congoleum resilient floors are the perfect choice for 21st Century living. The evolution of today's flooring is the result of years of research and the development of innovative product technology. At Congoleum, we pay close attention to the way today's families live their lives. We have engineered a product that fits your home so well, you can tell it was made for it. Versatile, durable, easy to care for, and available in an amazing selection of colors and styles, no other flooring product offers you so many options. More comfortable underfoot than ceramic or wood with an endless rainbow of colors and designs to choose from, Congoleum resilient flooring lets you imagine, plan and create the room of your dreams.

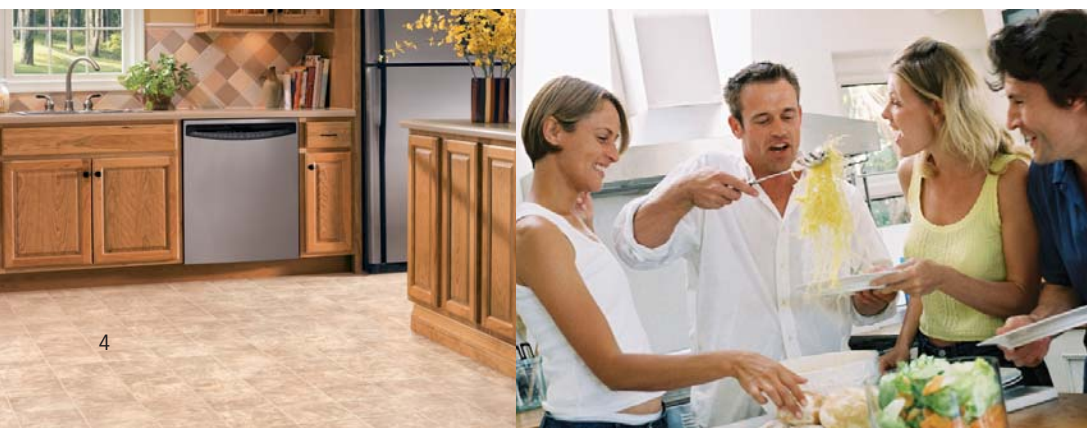

All Congoleum resilient flooring products are FloorScore certified. FloorScore certified flooring products have passed a third party certification process and are recognized as contributing to good indoor air quality in order to protect human health. FloorScore is a trademark of the Resilient Floor Covering Institute.

All Congoleum resilient flooring products are proudly manufactured in the USA.

# Choosing your floor.

Congoleum has made it easy for you to make your choice an informed one. We've grouped our resilient flooring products into warranty categories for easy comparison (see page 38 for details). That way you can check the properties and the warranties of each floor you are considering and decide which one is the perfect fit for your home. And, of course, all Congoleum residential sheet products feature built-in protection against discoloration from mold and mildew. Congoleum offers you countless possibilities, so you can make it all possible.

Xclusive features Scotchgard™ Protector built right into the surface of the floor, providing unsurpassed stain and soil protection. Xclusive also features a state-of-the-art, patented, reinforced surface of nylon and aluminum oxide that gives it unmatched wear and scratch resistance. This superior performance is paired with outstanding beauty. Xclusive is available in a wide range of designs and colorations that will define any room as a personal statement. Your home deserves Xclusive.

Scotchgard™ Protector, the most recognized brand of protection in flooring, is incorporated into the wear surface of Congoleum's Xclusive resilient flooring. Soil, dirt and stains are no match for Xclusive's repellent surface. Living just got easier because clean-ups just got easier.

### Xclusive's Stain Repellent Surface Makes Clean-ups Easy

Xclusive

Xclusive's durable wear surface with Scotchgard™ Protector resists even the toughest stains. Liquids just bead right up on the surface, so clean-ups are easier.

# AirStep Evolution®

The New Generation of Flexible Flooring

Congoleum's exclusive **Stain Defense System (SDS)** makes "green living" easy. No need for

chemical cleaners, detergents or polish. Simply wipe or damp mop with water to clean.

## Easy To Clean Surface

With the Stain Defense System, spills bead right up and easily wipe away.

## Stain Resistant Surface

Even sticky spills like grape jelly clean up easily.

AirStep Evolution SDS features silver, a natural antibacterial agent, built into the wearlayer for added protection against bacteria, mold and mildew.

## Choosing Your Floor

Congoleum has made it easy for you to make your choice an informed one. We've grouped our resilient flooring products into warranty categories for easy

comparison. That way you can check the properties and the warranties of each floor you are considering, and decide which one is the perfect fit for your home.

For detailed warranty information and exclusions, see your retailer or go to our website at [www.congoleum.com](http://www.congoleum.com).

## Your Choice Installation System

All Congoleum felt backed residential sheet products can be installed by the YOUR CHOICE Installation System. This system provides you with the option of installing the flooring either fully adhered or perimeter fastened over approved wood subfloors, concrete and properly prepared existing resilient flooring products. AirStep Evolution can be installed by the YOUR CHOICE PLUS Installation System which allows the floor to be installed either fully adhered, perimeter fastened or loose laid.

See your retailer for details.

## Caring For Your New Congoleum Flooring

All floors require some type of regular care to maintain their beauty and good looks. Congoleum floors are easy to care for and will provide years of satisfaction if you follow these simple maintenance suggestions:

- Sweep or vacuum regularly to remove any loose grit or dirt.
- Wash your floor with Congoleum Bright 'N Easy No-Rinse Cleaner or other suitable resilient floor cleaner.
- The gloss level may change over time depending on the amount of traffic, care, and maintenance the floor receives. To restore the appearance, simply apply Congoleum Bright 'N Easy Satin-Gloss Floor Polish (03007) to obtain a satin-gloss or natural-gloss finish or Congoleum Bright 'N Easy Floor Polish (03002) to obtain a high-gloss finish.

**Note:** Do not use polish on Xclusive or AirStep Evolution.

The complete line of Congoleum Bright 'N Easy floor care products is available exclusively through your local Congoleum retailer. Complete maintenance and warranty information may be found in the Congoleum Consumer Flooring Guide on our website at [www.congoleum.com](http://www.congoleum.com).
