

Ulrel:indelible™ nylon

Mustard Stain

Cleaned without harsh Chemical

## Spots come out, or we'll replace the carpet.

Overcome your fear of spills because **Ulrel:indelible™** solution dyed nylon is no ordinary nylon.

Stain blocking hydrocarbons become part of the nylon fiber resulting in a superior carpet that is virtually stain proof.

## lifetime stain proof - no exceptions™

### the problem:

Every year millions of square yards of commercial carpet are replaced prematurely due to permanent stains and spots. Most commercial carpets have no built-in stain protection or stain warranty. Carpets made of Ulrel:indelible™ solution dyed nylon have built-in stain protection and are backed by our Lifetime Stain Proof - No Exceptions™ warranty.

### the solution:

**No exceptions:** Industry standard stain warranties exclude stains that are commonly found in commercial environments. Our Stain Proof - No Exceptions™ warranty covers all stains including coffee, tea, mustard, beets and harsh cleaners.

**colorfast:** Ulrel:indelible™ nylon uses only the highest quality pigments. Premium quality pigments are more resistant to fading from UV exposure. Ulrel:indelible™ nylon is backed by our Lifetime colorfast warranty.

# Ultrel:indelible™ nylon recommended

*for areas with heavy traffic and where spills may occur.*

- Institutional
- Healthcare facilities
- Food service areas
- Offices
- Airports
- Hospitality

## environmental choice

- Prevents premature carpet replacement due to staining.
- Remove most spots without harsh chemicals.
- Protection system accepted by the US Environmental Protection Agency.
