*Produced under license of Flooring Industries™. U.S. Patent 6,291,078; U.S. Patent 6,218,001;
U.S. Patent 7,384,697; U.S. Patent 7,763,345 and other patents pending.

It's simple: no glue, no fuss, no mess.

Why your customers will lock onto Adura® with LockSolid™ Technology.

• The Best Performing Floating Luxury Vinyl

- Utilizing Mannington's extensive locking system experience, Adura with LockSolid Technology is the best performing floating luxury vinyl plank.
- Adura with LockSolid Technology delivers superior performance in key industry tests simulating real-world conditions.
- Adura with LockSolid Technology features Mannington's exclusive and patented ScratchResist™ Technology.

• Simple, Fast and Easy

- Adura with LockSolid Technology utilizes a proprietary and patent-pending locking system that makes installation simple and easy.
- No underlayment or heavy tools required.
- Mechanical locking system eliminates the inherent problems of adhesive-based floating floors.
- The simplified low-angle installation technique is fast and easy to reposition.

• Same Great Visuals, Same Great Merchandising

- There are no new displays required.

• Waterproof Product

• Quiet and Comfortable Underfoot

• Backed up by the same Mannington 20-year warranty against wear, fade, stain and delamination

• Mannington's Exclusive No-Gap Guarantee

• About Mannington's Shear Test

- The exclusive Mannington Long Term Shear Test gauges how well Adura with LockSolid technology performs under real-world household conditions.
- The Long Term Shear Test incorporates time, force and constant steady pressure with a weighted plank simulating floor expansion.
- Under our demanding Shear Test conditions, Adura with LockSolid Technology does not fail, while others do!
